

## ***Changing the world.....***

### ***One person at a time, one dollar at a time.***

You have been given this envelope and the money in it, for no particular reason, other than that the person who gave it to you wanted to promote the idea of giving. You have no obligation to take any steps beyond the reading of this letter, but it is the sincere hope of NeedItKeepIt.org that you'll be moved enough by this project that you'll help us help others, and in so doing, help yourself. The idea is simple...

1. Read this letter in its entirety.
2. If the money in this envelope comes to you at a time that it will have a measurable impact on your life, keep it. In other words, "If you need it, keep it..."
3. If, however, this envelope finds you at a time that the money in it WILL NOT have a significant impact on your life, we ask that you simply pass it on to someone else, in hopes that it will eventually find its way into the hands of someone in whose life it WILL make that difference.
4. If your current situation allows for it, and you feel compelled to do so, add a dollar (or more) of your own money to the envelope, and then pass it on.

We'd LOVE to know how this idea has impacted you. Regardless of whether you needed the money and kept it, or added to it and passed it on, we want to hear your story, and we've made it easy for you to share it with us. You're welcome to remain anonymous if you'd like..
